PATIENT CONSENT FORM (HIPPA)

The Department of Health and Human Services has established a “**Privacy Rule**” to help insure that personal health care information is protected for privacy. The “**Privacy Rule**” was also created in order to provide a standard for certain health care providers to obtain their patient’s consent for uses and disclosures of health information about the patient to carry out treatment, payment, or health care operations.

As our patient, we want you to know that we respect the privacy of your medical records and will do all we can to secure and protect that privacy. We strive to always take reasonable precautions to protect your privacy. When it is appropriate and necessary, we provide the minimum necessary information to only those we feel are in need of your health care information about treatment, payment, or health care operations, order to provide health care that is in your best interest.

We also want you to know that we support your full access to your personal medical records. We may have indirect treatment relationships with you (such as laboratories that only interact with physicians and not patients), and may have to disclose personal health information for purposes of treatment, payment, or health care operations. These entities are most often not required to obtain patient consent.

You may refuse to consent to the use or disclosure of your health information, but this **must be in writing**. Under this law, we have the right to refuse to treat you should you choose to refuse to disclose your Personal Health Information (PHI). If you choose to give consent in this document, at some future time you may request to refuse all or part of your PHI. You may not revoke actions that have already been taken which relied on this or a previously signed consent.

If you have any objections to this form, please ask to speak with our HIPPA Compliance Officer.

You have the right to review our privacy notice, to request restrictions and revoke consent in writing after you have reviewed our privacy notice.

COMPLIANCE ASSURANCE NOTIFICATION FOR OUR PATIENTS

To our Valued Patients:

The misuse of Personal Health Information (PHI) has been identified as a national problem, causing patients inconvenience, aggravation, and money. We want you to know that all of our employees, managers, and therapists continually undergo training so that they may understand and comply with government rules and regulations regarding the Health Insurance Portability and Accountability Act (HIPPA) with particular emphasis on the “**Privacy Rule**”. We strive to achieve the very highest standards of ethics and integrity in performing services for our patients.

It is our policy to properly determine appropriate uses of PHI in accordance with the governmental rules, laws, and regulations. We want to ensure that our practice never contributes in any way to the growing problem of improper disclosure of PHI. As part of this plan, we have implemented a Compliance Program that we believe will help us prevent any inappropriate use of PHI.

We also know that we are not perfect! Because of this fact, our policy is to listen to our employees and our patients without any thought of penalization if they feel that an event in any way compromises our policy of integrity. More so, we welcome your input regarding any service problem so that we may remedy the situation promptly.

Thank you for being one of our highly valued patients.

CANCELLATION POLICY

Premier Physical Therapy will be providing you with the highest quality of care and will attempt to arrange your therapy sessions to accommodate your schedule as much as possible. During your first visit we will reserve a specific time for each of your therapy sessions in accordance with your prescription. Please note that you should allow 1 (one) full hour for each session.

You, the patient, are responsible for attending all your scheduled appointments at the times reserved for you. If you are unable to attend your scheduled appointment, you must notify us **AS SOON AS POSSIBLE**, preferably 24 hours in advance. This will allow us to reschedule your appointment and offer this reserved time to another patient. Also, if you know that you will be **MORE THAN 15 minutes** late for your reserved time, please call the office to notify us and we will tell you if you can still be seen, or if you need to reschedule. Please know that if you do show up late for your appointment, it is highly probable that you will not be seen, as there are other patients scheduled also.

We feel that this policy is necessary for the benefit of each patient and will enable us to better serve you.

I have read and understand the above cancellation policy, and will do my best to adhere to it.
